INDEPENDENT ACCOUNTANTS' REPORT

To the Board of Directors of
NextEra Energy, Inc.
Juno Beach, FL 33408

We have examined management of NextEra Energy Capital Holdings, Inc.'s (the "Company") assertion that is included in the accompanying Management's Assertion Regarding Expenditures for Eligible Green Projects ("Management's Assertion"), that an amount greater than the net proceeds from the issuance of the 2.20% Green Kangaroo Fixed Rate Medium Term Notes due on December 2, 2026 (the "Notes"), included in the NextEra Energy Capital Holdings Eligible Green Projects Expenditures Report accompanying Management's Assertion, was expended from January 1, 2018 through November 30, 2019 for financing of, or investments in, wind energy power generation facilities in accordance with the Eligible Green Projects Criteria set forth in Management's Assertion (the "Criteria"). The Company's management is responsible for its assertion. Our responsibility is to express an opinion on management's assertion based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. Those standards require that we plan and perform the examination to obtain reasonable assurance about whether management's assertion is fairly stated, in all material respects. An examination involves performing procedures to obtain evidence about management's assertion. The nature, timing, and extent of the procedures selected depend on our judgment, including an assessment of the risks of material misstatement of management's assertion, whether due to fraud or error. We believe that the evidence we obtained is sufficient and appropriate to provide a reasonable basis for our opinion.

In our opinion, management's assertion that an amount greater than the net proceeds from the issuance of the Notes was expended by the Company during the period from January 1, 2018 through November 30, 2019 for financing of, or investments in, wind energy power generation facilities in accordance with the Criteria is fairly stated, in all material respects.

Notes to NextEra Energy Capital Holdings Eligible Green Projects Expenditure Report

Note 1: Eligible Green Projects Criteria

- Wind energy investments, including expenditures relating to the development, construction, acquisition and operation of wind energy power generation facilities.
- Eligible Green Projects include expenditures made in the 24 months prior to the issuance date of the Notes, or any time following the issuance date until December 2, 2026 (the maturity date of the Notes).

Note 2: Expenditure Status

- As of November 30, 2019, an amount greater than US\$339 MM (representing 100% of the total net proceeds of the Notes) have been expended on the Eligible Green Projects included in the Report.

Note 3: Tax-Equity Financing

- In December 2018, the Blue Summit II and Torrecillas wind projects obtained tax-equity financing prior to the commercial operation dates for such projects in the amount of approximately US\$300 MM through the issuance of passive Class B membership interests in Trailblazer Wind, LLC, which owns 100% of the membership interests of the Blue Summit II and Torrecillas wind projects. A subsidiary of the Company owns the managing Class A membership interests in Trailblazer Wind, LLC.
